

Dear Children of Grampian Primary Academy,

We are writing to you to let you know what is happening with your school life this week.

You already know that the COVID-19 virus is spreading across the world. This virus is like a bad cold or flu, and most people who get it can easily get better but some other people can't. To help stop the virus spreading, the government have asked us to close schools to some children.

We know that you have lots of questions, some questions we can answer but there are some things we just don't know yet – but we are trying hard to find out for you. We have tried to make these things a bit easier for you to understand below:

What we know for sure	What we are trying to find out	Things we won't know for a while
<ul style="list-style-type: none">• On Friday schools will close.• If your adults work in certain jobs you might be able to come to school.• Your teachers will help you learn at home.• Your school will send your families lots of information.• SATs are cancelled.	<ul style="list-style-type: none">• How your teachers can help you learn at home.• What will happen instead of SATs.	<ul style="list-style-type: none">• How long you will be at home.

We promise you that we will keep in touch with you. You can keep in contact with us via 'See-Saw' and we will make sure that you carry on learning. Here you can also ask us questions that you may have. In the meantime, we want you to look after yourselves too. You have learnt a lot about looking after your body and mind in school, so we have made a poster to remind you of all of the things you can do to stay happy and healthy. Remember that being kind and helping others helps you to be happy too. What can you do to help other people while you are off school?
