

Dear Parents & Carers

We are thrilled to announce that Grampian has been involved in the **Create Active Sinfin** project. These creative packs have been designed specifically for staying active at home whilst we cannot all be at school together.

Each Create Active pack contains a variety of equipment which could include tennis balls, a racket, drawing equipment or colouring books. There are also some great ideas in there to help you to keep active: remember, we're aiming for all children to be active for 1 hour every day!

The packs have been created and funded in partnership with Active Derbyshire, the Derby City Council Move More Team, Metropolitan Thames Valley housing and Derby County Community Trust. Each pack has a rough value of £10 and almost 500 packs have been made to be shared across the schools in Sinfin. We are lucky enough to have almost 100 packs to support keeping our children active.

We would also like to make sure you are aware of the competition that comes with the packs. There are some great prizes including Derby County goodies and shopping vouchers. To enter, send some drawings of how the packs are helping you to stay active. Remember to add your name and age to your pictures. You can send your entries into school through Seesaw or by dropping them into school when collecting lunch or your work packs.

We can't wait to see the entries. Keep a look out on Facebook and Twitter to see how other children and other schools are using theirs!
