Our transition arrangements are a little different to usual but we will be introducing everyone to their new teacher using Microsoft Teams. This morning class teachers shared the details of two virtual meetings that are due to take place in the next fortnight. The first virtual meeting will be with the children's current class teacher. The second meeting will include their current teacher and their new teacher for September.

Over the next two days, parents and carers will be sent the details of how to login to Microsoft Teams. As previously shared, we have ask all grown-ups at home to familiarise themselves with the information on the school website within our 'Virtual School' area. Parents and carers will find information about how to set up this new virtual classroom and an important 'User Agreement' to ensure that we keep everyone safe and the sessions run effectively.
